APPLICATION FOR WATER TAP OR SERVICE

APPLICANT AGREES TO:

1. Comply with **JACKSON COUNTY UTILITY DISTRICT'S** rules, regulations, and policies.
2. Pay promptly at such rates, time and place as determined by the **UTILITY'S** governing body.
3. Comply with the requirements of the Tennessee Department of Health that the applicant's existing water system will in no way be connected to the **UTILITY'S** lines, forming a cross-connection. This is to prevent contamination of the lines of the **JACKSON COUNTY UTILITY DISTRICT**. If applicant has a well or a spring, he must execute a well user's agreement.
4. Grant the **UTILITY** the right of ingress and egress necessary for the **UTILITY** to operate and maintain the water lines.
5. Connect only one residence to each tap.
6. Install, service and repair own line from meter to place of usage at own expense.
7. Install pressure reducing valve on his line. (To supply water to all customers, the **UTILITY** carries more pressure. Then most household plumbing can withstand.
8. Be responsible for water flowing from his broken lines. Customer must install a low-pressure switch on their pump if their location may call for one. In case of a main line leak on the **UTILITY** side and a low-pressure condition happens the **UTILITY** will not be responsible for replacing the customer's pump.
9. Be responsible for damage to meters and boxes caused by applicant.
10. The **UTILITY** makes no guarantees, expressed or implied, as to service quality, quantity, pressure, consistency or continuity.
11. The **UTILITY** shall, at its discretion, specify how and what uses may be made of service provided to **CUSTOMER**. If the **CUSTOMER** fails to comply with the uses so specified, service shall be discontinued.
12. Receive their first bill on the 1st of the following month if they receive service before the 25th of the month. Meters are read before the 15th of each month and bills are mailed at the end of each month. Bills are due and payable by the 11th of each month. Any bill not paid by the 11th will be charged a 10% penalty. Any bill not paid by the 11th will be locked for non-payment in approximately 7 days. To reinstate service, you must pay for water used up to the point of disconnection, plus all reconnection fee that applies.
13. Not construct a fence between the meter and the road so that the meter reader cannot get to the meter. We do not know what is in the fence and are not obligated to climb over fences.
14. Leave enough area around landscaping or flowers planted near meter boxes for **UTILITY** to raise meter lids. The **Utility** is not responsible for damage to landscaping or flowers.
15. The utility bills for services monthly, and bills are mail in bulk at the US Post office. The utility cannot guarantee the delivery of its bills. Failure to receive a bill does not relieve customer of payment or any late charges.

WELL USERS' AGREEMENT

In accordance with **JACKSON COUNTY UTILITY DISTRICT'S** cross connection control program, a private well or an auxiliary water source may **NOT** be connected in any manner to the public water supply unless proper protection against cross connection is provided. Only *reduced pressure backflow preventers or approved air gaps* may be used for protection. These devices must have prior approval by the **JACKSON COUNTY UTILITY DISTRICT**. Customers not in compliance with this rule will have their water service discontinued. This serves as notification that a well or spring may be utilized at this property. I (We) further understand and agree that this system is and shall remain totally segregated from the public water supply and no unapproved or unauthorized cross connections, auxiliary intakes, interconnections or by-passes will be permitted without the written approval of the **JACKSON COUNTY UTILITY DISTRICT**. I (We) further understand and agree that should an auxiliary water supply be connected to the public water system at this location, maximum cross connection control equipment in the form of an approved air gap or Reduced Backflow Prevention Device shall be installed to protect the public water supply.
